# MOTOR SKILLS FUN

1. Prewriting practice: Trace the lines. If you don't laminate the pages, kids can color the black and white pages.
2. Cover me: Use pom poms, buttons, or bingo chips to cover the circles on each picture.
3. Pom pom mat: Use pom poms to build the picture. Count the pom poms used and write the number on the line.
4. Geoboard: Use rubber bands to build the picture on a geoboard. Count the colored rubber bands used, and write the number on the lines.
5. Snap cubes: Use snap cubes to build the picture. Count the colored blocks, and write the number on the lines.
6. LEGO challenge: Use LEGO bricks to build the picture. You may find it easiest to build on a LEGO base. Count the colored bricks and write the number on the lines.
7. Scissor practice: Cut each puzzle apart and reassemble.
8. More scissor practice: Cut each strip from left to right following the dotted line.
9. Tracing lines: Trace the lines from left to right.

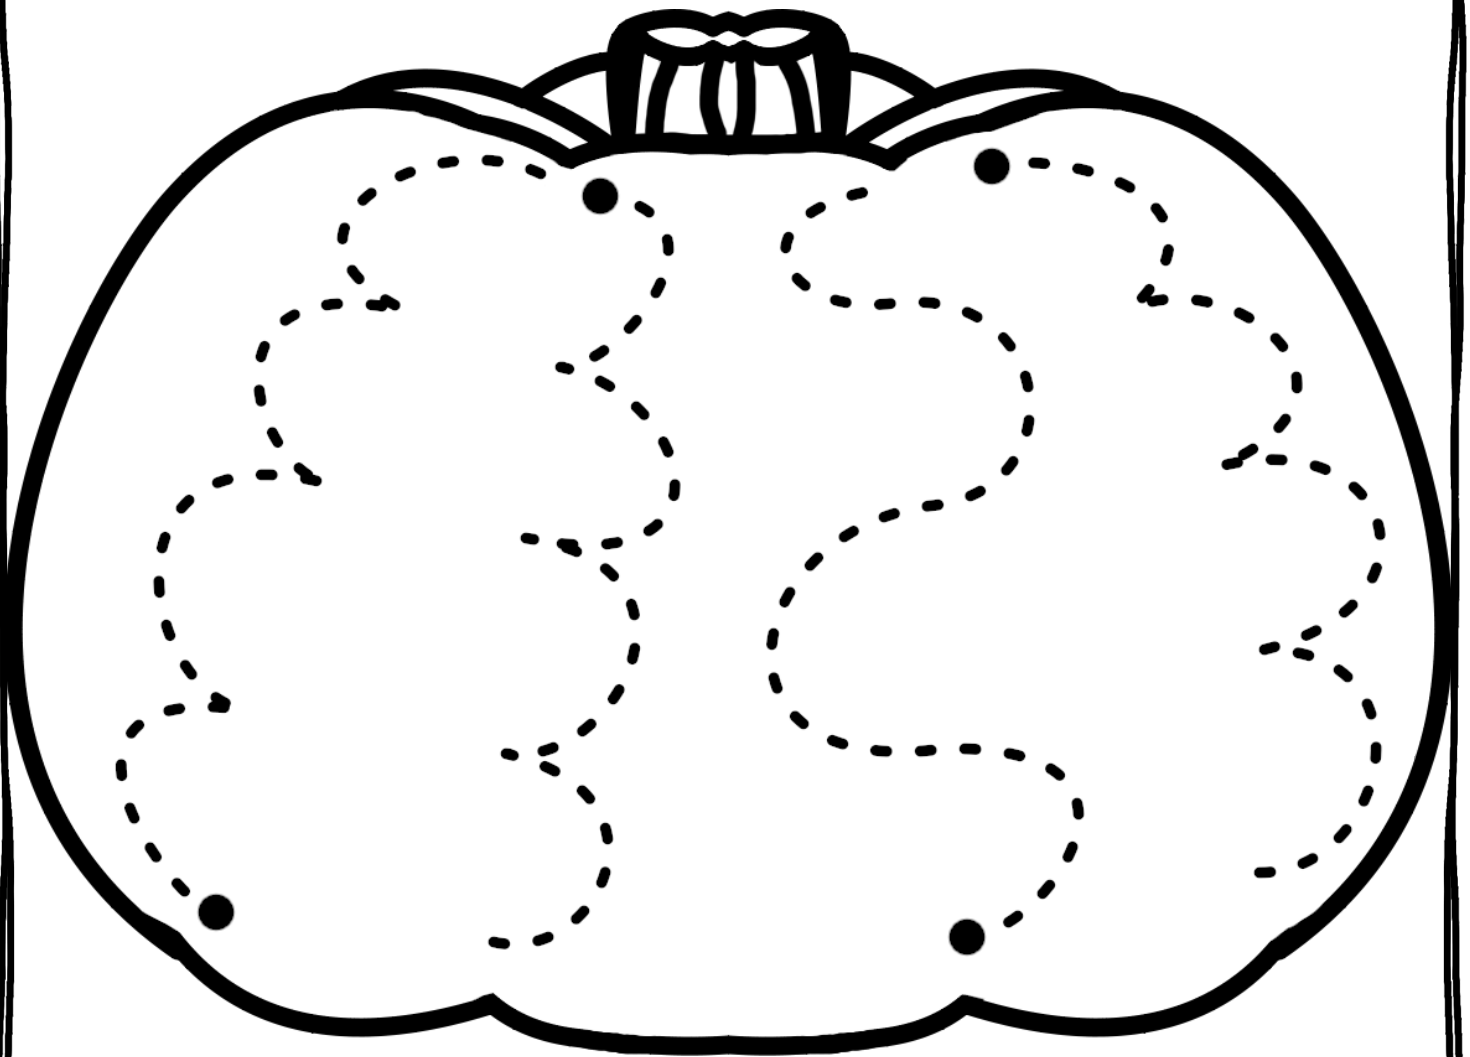

P IS FOR PUMPKIN.

Trace the lines. Color the picture.
